Industrial Tech Services has applied to the Kentucky Division for Air Quality for a permit to operate a miscellaneous fabricated metal product manufacturing facility at 321 Triport Rd., Georgetown, KY 40324. The plant is classified as a Conditional Major source due to potential emissions of hazardous air pollutants greater than a major source threshold. This permit contains practically enforceable limitations to restrict this source's potential emissions to less than a major source threshold.

An electronic copy of the draft permit should shortly become available at <http://www.air.ky.gov/permitting/>. Copies of the draft permit and relevant supporting information are available for inspection by the public during normal business hours at the following locations:

Comments and/or public hearing requests should be sent to Mr. James Morse at the above Frankfort address or email [james.morse@ky.gov](mailto:james.morse@ky.gov). Any person who requests a public hearing must state the issues to be raised at the hearing.
